### **Advanced Standing**

Advanced standing status may be available for individuals with medical doctorates (MD, ND, DC, DO), and in most cases for nurse practitioners and physician's assistants, whose significant Western science transfer credit allows for reduced Advanced Standing tuition. In any case, each Advanced Standing student is required to pay a \$150 evaluation fee. This evaluation is completed by the Dean of Graduate Studies and Assistant Dean of Graduate Studies, and serves as a written document for which classes and credits the student will receive credit.

Individuals seeking Advanced Standing must provide the Office of Admissions with course descriptions for all courses completed for which they are seeking credit, and course syllabi if more information is necessary to complete the evaluation. *Depending upon the amount of transfer credit awarded, some advanced standing students may have a reduction in tuition costs on a term-by-term basis, depending upon transfer assessment.* Approval of transfer credit and designation of advanced standing status is at the sole discretion of OCOM. (p. 72)

### **Programmatic Tuition**

Programmatic tuition rates are established by the Board of Trustees and published annually. (p.76)

### **Changes in Enrollment Status**

Students may request a change in their enrollment status. If this change affects full time enrollment status, tuition will be billed according to credit load and half or three quarter time status. Any student whose plan change means they are less than half time, will be billed the per credit rate. For information about tuition billing, contact the Registrar. (p. 76)
